

# ANDERS SPORTS, ARTS AND ENTERTAINMENT **ATHLETE TAX FEE STRUCTURE**

## MINOR LEAGUE BASEBALL PLAYER 1ST ROUND THROUGH 10TH ROUND PICK\*

- **\$750 - \$1,000 annual fee for tax return filings**

## MINOR LEAGUE BASEBALL PLAYER LATER ROUND PICK\*

- **\$500 - \$750 annual fee for tax return filings**

## MAJOR LEAGUE BASEBALL PLAYER\*\*

- **\$1,500 - \$5,000**

Consulting outside the scope of tax return filings would need to be discussed and a fee estimate could be provided based on the scope of the consulting.

\*This fee could increase if we determine that a duty day schedule would be beneficial to the player. This is a player-by-player decision based on many variables. This is a discounted fee, which, we are willing to do based on the future potential of the athlete.

\*\* The range provided is broad; once a player is at the major league level, every player can be different. We would need to evaluate their individual situation, including determining if a duty day schedule would be beneficial to the player and then provide a more detailed fee quote.
