

# ANDERS HEALTH CARE PROVIDER ENROLLMENT

Anders Health Care can alleviate the burden on organizations that lack the resources to complete the provider enrollment process and manage ongoing maintenance by becoming an extension of your existing staff.

Our provider enrollment services are tailored to meet your needs to ensure that your health plan or government payer enrollments are completed, renewed or revalidated, and maintained in a timely and efficient manner. We use a web-based HIPAA-compliant platform to secure all of your data and documents.

## OUR HEALTH CARE ADVISORS

Stay up-to-date with ever-changing commercial payer, state, and federal regulations.

Ensure payer applications are completed efficiently and correctly to expedite the provider enrollment process.

Maintain organizational/provider compliance with payer credentialing requirements.

## THE ANDERS SOLUTION

Anders Health Care helps clients streamline the onboarding process to expedite the completion of payer enrollment applications and other documents as well as continuous follow-up until providers receive full participation. Working in collaboration with clients decreases negative impacts to downstream revenue.

### Our process includes but is not limited to:

- Data and document gathering
- PECOS and NPPES accuracy
- CAQH profile (initial or re-attestation)
- State Medicaid
- Managed Care Organization (MCO) universal rosters
- Provider directory, attestations (i.e. Availity, LexisNexis, etc.)
  - Roster reconciliations
- ACH/EFT setup
- EDI setup
- Direct Data Entry (DDE)
- Completion and submission of applications
- Follow-up and follow through until provider participation are received
- Provide our clients with continuous communication via emails and standing meetings

## MAINTENANCE

The process to manage expiring data and documents with payers during non-credentialing periods is crucial to prevent negative impacts to the revenue cycle. This requires ongoing monitoring of expiring documents, e.g., certifications, CME, malpractice insurance, etc. Anders uses **automated alerts** to ensure providers never become inactive with a payer as a result of noncompliance.

- CAQH profile re-attestations
- Change of information and updates
- Electronic Data Interchange (EDI) updates
- Managed Care Organization (MCO) universal rosters
- Medicare and Medicaid revalidations
- Out-of-state Medicaid revalidations
- Commercial payer renewals
- Direct Data Entry (DDE) updates
- Denials management (related to enrollment issues)
- Provider directory, attestations (i.e., Availity, LexisNexis, etc.)
- Provider data management
- Term facility/provider with payers
- Third-party liability forms
- Acting as a liaison between client, providers, payers and hospital credentialing entities
- Roster reconciliations

## ABOUT ANDERS HEALTH CARE

Anders Health Care is the health care specialty group of Anders CPAs + Advisors. We provide creative, yet practical, solutions to handle the balancing act required to succeed in today's health care environment. Our comprehensive view of the health care industry recognizes how everything you do in your organization impacts your bottom line.

## EFFICIENT, EFFECTIVE, ECONOMICAL

When you engage Anders, we'll always be right by your side to answer your questions and help drive smart, informed decisions. You'll have direct access to our health care leaders and our entire team of industry advisors. In addition to this service, we also offer extensive, multidisciplinary financial and advisory services for physicians, hospitals, medical centers, home health organizations, nursing homes and other facilities, from individual practices to multi-location health systems.

---

Partnering with an experienced advisory firm to make informed business decisions is important. The health of your organization depends on it. We understand the health care industry and offer valuable insights on a wide range of issues that impact the growth and visibility of your organization.
