

401(k) AUDIT

ABOUT ANDERS 401(k) SERVICES

Proudly serving companies across the U.S., we can help your business determine if a 401(k) audit fits your needs, and help you complete the entire 401(k) auditing process with more than enough time to file the results with IRS form 5500.

Our dedicated audit advisors take a thorough and efficient examination of your business' 401(k) plan and work with you through every step of the auditing process. You'll also receive a comprehensive quote for the service that covers all aspects of the audit with no hidden fees or miscellaneous items.

WHAT IS A 401(k) AUDIT?

401(k) plans are governed by ever-changing rules and regulations issued by Congress, the IRS, DOL, and the Social Security Administration. These plans must also comply with ERISA (Employee Retirement Income Security Act).

These audits are complex. We will "guide you through" them rather than you having to "stumble through" the process.

DOCUMENT LIST

Many documents are required to conduct a 401(k) Audit. We will request some information from the employer and some from the recordkeeper and/or custodian. We use a tool called “Smartsheet” to securely request and receive the documents. Below is a list of items that may be requested.

-
- Bank statements showing plan deferrals and company contributions made to the Trust
 - Information questionnaires
 - Current year census
 - Plan document, adoption agreement, and all amendments
 - IRS determination letter or opinion letter
 - Type II SOC I Report, formerly SAS 70 report
 - Summary plan description
 - List of all parties in interest.
 - Discrimination test results and detailed schedules
 - Form 5500 with all supporting schedules
 - Distribution forms for selected distributions during the Plan year
 - Loan documents for selected participant loans
 - A schedule of deposits to the Plan on a pay period basis
 - Forms W-2 or other annual payroll registers and reports
 - Form 1099 for distributions
 - Certification report from the Plan custodian
 - Participant statements and Plan Trust reports including detailed schedules

401(k) BASE AUDIT PRICING

The fee structure for [ERISA Section 103\(a\)\(3\)\(C\)](#) audits range as low as \$11,700 for plans that fall below 500 participants to as high as \$13,500 for plans that fall between the range of 1,000 and 1,500 participants. Plans with greater than 1,500 participants are determined on a case-by-case basis.

PLAN SIZE	FIXED FEE	DISCOUNTED FEE*
100-499	\$13,000	\$11,700
500-999	\$14,000	\$12,600
1,000-1,500	\$15,000	\$13,500
1,500+	Call for pricing	Call for pricing

**A 10% discount is available if the fee is paid in full within 45 days after the Plan year-end. For calendar year plans (ending December 31st), the fee must be paid in full by February 15th in order to qualify for the discount.*

Additional Pricing Information:

1

A \$1,500 additional fee will apply to the fixed fee listed above for each plan size when a Non-ERISA Section 103(a)(3)(C) audit is required. A Non-ERISA Section 103(a)(3)(C) audit is required when the trustee or custodian does not or cannot certify both the accuracy and completeness of the information submitted as it relates to the investment information. We find that most 401k audits tend to be ERISA Section 103(a)(3)(C) audits, where assets are certified by the custodian/trustee.

2

A \$1,000 additional fee will apply to the fixed fee listed above for each plan size if the current year audit is the plan sponsor's first required audit (or first time with Anders). When a prior year audit is not required, the current year auditor is required to test prior year balances and compile the prior year's financial statements.

3

A \$750 additional fee will apply to the fixed fee listed above each plan size if the plan sponsor has changed its custodian/trustee during the current audit year.

4

A \$750 additional fee will apply to the fixed fee listed above each plan size if the plan sponsor has changed its payroll provider during the current audit year.

5

Is your plan a multi-employer plan, meaning more than one company is sharing a 401(k) plan? If you have between 1-3 companies, your price won't change. For each additional company in a multi-employer plan, an additional fee of \$500 will be applied.
